PROGRAMME TASK 2.1 Road Mapping (April – May 2023)

This task aims at collecting specific needs and to exchange practices with LA HEIs, 3 Virtual Meetings will be organized (one for each LA countries involved). **LA partners will present their current organisation on third mission (technology transfer and extensions services)** to highlight their visions and current approaches on this topic to the involved project partners.

3 VIRTUAL MEETINGS (1 hour and 30 minutes each) with Google Meet [the link and invitation will be prepared and sent by UNIFI]

Presentation by LA universities: 25 minutes for each presentation

The contents of the presentation should cover:

- technology transfers strategies and organisations (e.g., incubators, technology transfer offices)
- extensions services and experiences (e.g., job placement, working with the community)
- particular attention should be given to highlight cases of circular economy and social innovation/inclusion within universities' third mission (e.g., social incubator, social innovation acceleration programmes)
